

Monitoring Training Effectiveness

Course structure – virtual classroom

- ✓ 4 modules (2 hours each) with exercises during and between one module and another
- ✓ **individual development plan** at the end of the last module
- ✓ follow-up (2 hours) after 6 weeks to share the progress and results obtained and continue the application of the techniques acquired
- ✓ **maximum 6 participants**

Individual coaching upon request during or after the course for a **customised** approach based on your specific needs

Why participate?

Monitoring training to assess quality and alignment with business objectives allows to have fundamental decision-making elements to improve planning, design and delivery.

The course provides **proven techniques and tools** for monitoring the impact of training projects.

The course includes **simulations with feedback** in order to facilitate participants' engagement and learning.

Objectives

- ✓ evaluate training's impact on the organisation, at **various levels**, determining when it is appropriate to use each monitoring level and identifying the most suitable tools
- ✓ follow a **step-by-step process** for effectively planning, conducting and documenting training evaluation activities
- ✓ use a **collaborative approach** to establish expected and achieved results
